

Foundation AutoCAD Autolisp Workshop

Overview

This course is designed to build on the foundation, intermediate or advanced knowledge of existing users using full AutoCAD ie, NOT AutoCAD LT (Light). It is recommended that delegates have completed an AutoCAD Foundation course (or similar) and have a little working knowledge of Microsoft Windows.

Generally this course is customised to the users AutoCAD version currently used and therefore a minimum of two trainees will be required (not necessarily from the same company). Please phone for one-to-one training if preferred.

All training held at TutorCAD Offices are inclusive of comprehensive course manual, a variety of refreshments, buffet lunch and certificate.
