

## Foundation AutoCAD 3D

### Overview

This course is designed to build on the foundation knowledge of existing users of AutoCAD to create 3D Models using the full version of AutoCAD (not LT). It is recommended that delegates have completed the AutoCAD Foundation course (CAD100 or similar) and have a little working knowledge of Microsoft Windows.

All training held at TutorCAD Offices are inclusive of comprehensive course manual, a variety of refreshments, buffet lunch and certificate.

### Duration

2-days

### Standard Price

£395+VAT

### Availability

Tel: 0161 904 8753

### Objectives

You will learn the additional features, commands, and techniques to create AutoCAD 3D models efficiently, viewed from any angle, given a rendered finish and an animated file created to suit.

- Setting 3D UCS & the RH Rule
- 3D Viewports & view direction
