

Update - Refresher Vectorworks Workshop

Overview

It is intended for existing users who require update—refresher specific knowledge on any version of Vectorworks. The user will learn further design skills relating to their exact requirements. It is recommended that delegates have a little working knowledge of Microsoft Windows.

Generally this course is customised to the user and therefore a minimum of two trainees will be required (not necessarily from the same company). Please phone for one-to-one training if preferred.

All training held at TutorCAD Offices are inclusive of comprehensive course manual, a variety of refreshments, buffet lunch and certificate.
