

MicroStation (any version) Workshop

Overview

This course is designed for existing users who require specific knowledge from any version of MicroStation. The user will learn further skills as required. It is recommended that delegates have completed a MicroStation foundation course (or similar) and have a little working knowledge of Microsoft Windows.

All training held at TutorCAD Offices are inclusive of comprehensive course manual, a variety of refreshments, buffet lunch and certificate.

Duration

1-day

Availability

Tel: 0161 904 8753
