

Update—Refresher TurboCAD Workshop

Overview

This course is designed for existing users who require a specific update or refresher knowledge from any version of TurboCAD. The user will learn further skills as required by their objectives. It is recommended that delegates have completed a TurboCAD foundation course (or similar) and have a little working knowledge of Microsoft Windows.

Generally this course is customised to the users TurboCAD version currently used and therefore a minimum of two trainees will be required (not necessarily from the same company). Please phone for one-to-one training if preferred.

All training held at TutorCAD Offices are inclusive of comprehensive course manual, a variety of refreshments, buffet lunch and certificate.

Duration
1-day

Availability
Tel: 0161 904 8753
